ICMCR 2025

As the world continues to witness dynamic shifts brought about by these technologies, it becomes imperative to foster collaborative platforms where ideas can be exchanged, challenges identified, and solutions crafted. It is with this vision that 2025 3th International Conference on Mechatronics, Control and Robotics (ICMCR) is set to be held in Singapore, from **February 14 to 16, 2025**.

Call for Papers

Potential topics include, but are not limited to:
1. *Computational Intelligence and Algorithms*
Genetic Algorithms
Machine Learning in Control Applications
Evolutionary Computation and Control
2. *Control Systems and Applications*
Distributed Control Systems
Advanced Motion Control
Vibration and Noise Control
3. *Robotics and Mechatronics*
Advanced Manufacturing
Micro/Nano Mechatronics
4. *Sensors, Actuators, and Interfaces*
Sensors and Actuators, Haptics and Networks
Human-Machine Interface
5. *Specialized Applications*
Automotive and Transportation Systems
Mechatronics in Tertiary Education
6. *Systems Design and Integration*
Knowledge-based Systems Applications
Software Agents for Intelligent Control Systems
Modelling and Design

More information about topics, please visit:
https://www.icmcr.org/cfp.html

Conference Venue

College of Design and Engineering
National University of Singapore
Address: 9 Engineering Drive 1, #07-26, EA,
Singapore 117575

Important Dates
Submission Deadline: September 10, 2024
Acceptance Notification Date: October 5, 2024
Authors' Registration Deadline: October 20, 2024

Publication

Papers submitted will be peer reviewed by the international program committees. Accepted papers will be published in conference proceedings.

A few selected papers will be recommended to *International Journal of Mechanical Engineering and Robotics Research (ISSN: 2278-0149)* for possible publication after being extended, which will be indexed by Scopus, CNKI, Google Scholar, Crossref, etc.

Good News! ICMCR2023 Conference Proceedings has been archived in IEEE Xplore and indexed by Ei Compendex and Scopus.
